

Fall 2015

Technology Terminology

The majority of these words can be found in the text book or you can **Google** the definition of the word as it applies to technology. *Mastery on the Vocabulary Quiz will be a quiz score of 90% or above. Students may retake the Mastery Vocabulary Quiz (not the same version of the quiz) twice to reach the 90% or above score.*

During the next two weeks, please define the technology terms which are not known to you. During class on **Monday/Wednesday Class 9/2 or 9/4 OR Tuesday/Thursday class 9/3 or 9/10** or you may ask for assistance with the technology definitions (one word at a time).

Technology Terminology Test will be given in class on **9/23 (M/W class)** and 9/24 (T/Th class) and **Wednesday, 9/23** for the Austin Class.

Based on the skill set for mastery for this course, students will: ---*Define basic computer terminology.*

App	Internet	Server
